### **ECTA 2006 Schedule**

Mid-May	May 20 & 21
Bonneville Tune-up	June 24 & 25
September Meet	September 23 & 24
Season Finale	October 28 & 29

*By Joe Timney and Donna Pala*

#### **Super Streetbike Shootout**

Who has the fastest 'street legal' bikes in America? We now have the answer to that question thanks to ECTA regular, Don Smith and 'Super Streetbike Magazines' editor, Aaron Frank. Don and Aaron put together a Super Street Bike Challenge to find the fastest 'street legal' bikes. The prize was a custom jacket provided by Joe Rocket.

How cool is that!!!

Here are the results by class:

- SSB-600 All Motor – Diane Marshburn, 130.330 mph Suzuki GSX600F, #9381
- SSB-600 Power Adder – Jon Wennerberg, 31.3 mph Honda Elite 80cc, #436
- SSB-1000 All Motor – Doug Uminn, 176.498 mph, Suzuki GSX-R1000, #9277
- SSB-1000 Power Adder – Don Hass, 211.426 mph, Turbo Suzuki GSX-R1000, #9280
- SSB-Unlimited All Motor – Dave Owen, 215.9464 mph, Suzuki Hayabusa, #9244
- SSB-Unlimited Power Adder – Rich Yancey, 233.936 mph, Turbo Suzuki Hayabusa, #8
- 150MPH Index Class – Rick Roberts, 149.735 mph, Suzuki Hayabusa, #9269

#### **Three New 200 MPH Club Members**

Thomas Cronan has been racing motorcycles at Maxton since he was sixteen

years old. At each meet, Thomas has gone faster and faster. With the help of a ride on Jim Hansen's '99 Hayabusa, Thomas finally was able to fulfill his dream....a green hat and a lifetime membership into the 200 MPH Club. Running in APS/G-2000/4, he ran 213.249 mph on a 207.622 mph record. Mom and Dad were watery eyed as Thomas was inducted into the club right after the meet.

Cranford, NJ's Walter Kudron rode his '05 turbo'ed naked Hayabusa to a 204.591 mph pass and earned his 200 MPH Club membership. Walter sure looks good in his brand new green hat.

John Noonan made the trip to Maxton from Huntington Beach, CA. He rode his 2001 Suzuki in APS/F-3000/4 class to a 214.331 mph and his fourth Two Club hat! John is only the third person in the world to achieve this goal.

*Great job, gentlemen and welcome to the club!*

#### **The Bikes**

Hernando, FL's Bion St. Bernard ran a '71 Yamaha DS7 in M/G-250/2 to a 87.750 mph record, bumping it to 95.576 mph.

Kenneth Klein brought his Suzuki 2002 down from Carteret, NJ and set the M/G-3001+/4 record at 187.966 mph.

Meriden, CT's Don Hass rode his '04 Suzuki GSXR1000 and set the MPS/BF-1000/4 to a 210.172 mph, then bumped it to 211.426 mph.

Charles May, III rode his '02 Suzuki 1397 cc to a 217.944 mph record. The Weirton, WV resident was entered in MPS/F-2000/4 class.

Lumberton, NC's Booger Smith rode his Buell Blast to a 108.124 mph record on APS/PBG-3000/4 and a 113.955 mph record in MPS/PF500/4. Hey Booger, how 'bout

running that antique single Harley you were cruising around the pit!!!

Wild Bros. Racing's Bill Warner set the M/G-1650/4 record at 177.732 mph, then bumped it to 180.000 mph.

Riding his '02 Kaw, Alan Harle set the APS/F-250/4 record at 80.721 mph. Nice job Alan!

Clifton Forge, VA's Kevin Umphlett put Thomas Cronan on his '87 Suzuki for the weekend. Thomas had a ball setting the M/G-3001+/4 record at 142.423 mph and then bumped it twice to a best of 150.000 mph.

T-Grl Racing's Marci Koehl rode her 2004 Kawasaki 250cc to a 69.230 mph record in M/BF-350/4 class. Then Marci let boyfriend Tom Schaefer take a spin and he set the P/P-250/4 record at 102.046 mph. Tom also set 4 more records with his '99 Honda 250. The fastest was 143.002 mph in MPS/BF-250/2 class.

The worlds only (worlds only?) Ninja 250 cc turbo'ed, fuel injected, Motec M800 powered bike, got quite a workout this weekend. This little beauty belongs to our favorite Marquette, MI couple Jon and Nancy Wennerberg. In the end, Jon set two records, the best at 110.024 mph. Nancy also set a record at 113.767 mph. John got beat by a G-I-R-L!!!!

It is always nice to see Tim Cyrus and his beautiful yellow '71 HD Sprint. A regular at Maxton and Bonneville, Tim set the MPS/PF-400/4 record, bumping it twice to a best of 124.148 mph. Nice job, Tim!

Jim Cannon was back with the most annoying sounding motorcycle at Maxton.. But we love it! You see, Jim found this '74 Kaw 500 cc 2 stroke in a barn and decided to take the noise title away from 'No muffler, Mike Shedd'. Jim got the beast to run fast enough to set the AB/F-650/2 record at 95.228 mph.

## The Cars

The Dawson family "Funmobile", a 1959 Austin Healey with a MG 1275cc motor, sure got flogged this weekend. First up was Ben running in H/FSS turning an 87.830 mph pass. Then Dan bumped the record to 89.788 mph. Caleb was next with a 90.197 mph pass. Dan jumped in and reset the record at 90.767 mph. Finally, Ben got back in the little hot rod and claimed the record at 90.975 mph.

Marietta, GA's Reese Cox was back with his '99 'Vette Road Racer. Reese set the A/FMS record at 187.378 mph, bumping it to 192.566 mph. Reese, you're getting closer to 200 mph and a green hat.

Roger Jones sure has a beautiful little Karmann Ghia. The Rogersville, TN resident was back, setting the H/GALT record at 125.374 mph, bumping it to 125.677 mph.

The Diversified Performance entry of Michael Matyjasik ran strong all weekend, setting and bumping the D/BFSS class to a best of 154.217 mph.

Sonny Parks, from Portsmouth, VA was back with his '96 'Vette. Running in A/FSS, he set the record at 186.675 mph. Running in AA/FSS, Sonny set it at 192.086 mph.

Wayne Jesel's team was back with his '02 Dodge Intrepid. With Jimmy Barton at the wheel, the team ran 223.769 mph in C/GCT class.

Springfield, VA's Winston Churchill was back with his 'Vette. Running in AA/GMS Winston set a record at 191.436 mph.

Bill Rhodes had a good time running his '95 355 Ferrari in E/GT class. Bill set the record at 156.008 mph.

Jim Mattox was back with his 2000 Dodge. Running in G/GSS class, Jim set

the record at 121.032 mph bumping it to 122.192 mph.

Castle Hayne, NC's Stephen Shepherd brought his '90 VW to Maxton. Running in G/BFCC, he set the record at 110.479 mph.

Dick Wallendel was back with his 'Big Dog', a '79 White Firebird. The 605 cu in motor sure made for a challenge getting down the course. Dick black-marked the entire mile, setting the AA/CGALT record at 194.830 mph, bumping it to 195.758 mph.

Mendota, IL resident John Madeley brought his '96 Chevy Impala SS out for some fun. Running in AA/GC, John set the record at 172.100 mph, bumping it to 176.817mph.

Lawson Bilhardt was back after spending some time at the Bonneville Salt Flats. On his first pass, the starting line reported that some white debris fell off the car. Care to guess what it was? Lawson set the E/BGALT record at 166.435 mph bumping it to 169.811 mph. Lawson just keeps getting faster and faster.

Mike and Paula Meierle were back with their '92 mini pickup. Paula set the C/PMP record at 113.119 mph. Mike then ran in F/PMP, setting the record at 119.219 mph. Word has it that Mike did a "special" tune up so that Paula couldn't go faster than him. Hey Mike, did you fatten it up or back down the timing.....or both????

The Murphy-Slattey entry with Bill Murphy at the wheel, ran 150.594 mph for a record in D/BFSS. Hey Bill, it was great to see Kim in the car.

The Oxford, NC's William Harshbarger flogged his '77 Ford Pickup to a 128.075 mph record. Great job, Bill.

Yorktown Heights, NY's Bob Wanner was back with his 2000 Honda Insight. Bob set the G/BGSS class record and then

bumped it 3 times for a best of 173.745 mph. I don't think Honda had that speed in mind when they produced that little "green car"!

The McMeekin Brothers and Don Williams entry, a Nissan 240 SX was back. That Aurora 4 liter sure sounds good screaming thru the traps. Don Williams set the E/FALT record at 193.986 mph.

### October Meet

It's time to dig out your junk. The October meet is "swap meet" time. Clean out your basements, garages and race car or bike trailers and turn your junk into cold, hard cash.

It's also been rumored that the October meet is going to be the "**Roadster Meet**" at Maxton. So grab your leather caps and goggles and join in the fun.

### Wow..... 24 New Folks

We had 24 new members join the ECTA in September. It sure is reassuring to see our sport continuing to grow. To all who have joined...Welcome! We're glad you've joined us.

### 200 MPH Club Personal Bests

Charlie May	217.979 mph
Jimmy Barton	223.769 mph
Don Hass	211.426 mph
John Bullock	214.285 mph

Congratulations on your performance!!!

### Corrections/Additions - June

We reported that Chuck and Charlie May were the first father/son team to get into the 200 MPH Club in the same weekend. After searching the archives, we found that in March of 2002, Dan and Zack Millholland joined the 200 MPH Club. Sorry about the error, guys.

We also neglected to report that Scott Guthrie had the best overall speed at the June meet. Scott was consistently over 200

mph with his 2000 'Busa. The final top speed of the meet reached 236.842 mph. Now that's impressive. Congratulations, Scott.

### Pine Acre Lodge

Going forward, the Pine Acre Lodge will require a credit card to hold rooms for ECTA racers. Should you not call in a cancellation within 48 hours of the reserved date for your room(s), you will be charged for the room(s). Unfortunately, they have turned guests away trying to hold rooms for racers that did not call and cancel their rooms.

### Victory Junction

. Dy English is an elementary school art teacher who also enjoys photography. She is selling CD's of the meet for \$10.00 each. From the proceeds she will donate \$2.00 to Kyle Petty's Victory Junction Gang Camp.

E-mail Dy at [denglish@rock-hill.k12.sc.us](mailto:denglish@rock-hill.k12.sc.us) with any questions or to get your copy, mail \$10.00 along with your name and address to Dy English, 744 Lochaven Rd, Waxhaw, NC 28173.

To learn more about Victory Junction log on to [www.victoryjunction.com](http://www.victoryjunction.com).

### Website News

Have you logged on to the website lately? If not, you need to check it out. Mark Amhrein has been doing a bang up job with 'lots of new stuff! Check out the Racer's Profile. This month's feature is about Trillium Muir. Trillium is the fist woman ever to ride a motorcycle over 200 mph at Maxton. Trillium came to Maxton just to watch; instead, she made history. Read all about it at [www.ecta-lsr.com](http://www.ecta-lsr.com).

### We Love Volunteers

Thank you so much to everyone who gave so selflessly of their time to make this meet happen. A special "thank you" goes out to Collin Walsh who graciously volunteered (okay, who was strongly 'encouraged' by Keith and Joe) to fill in as the starter. Why did we need a starter you

may ask???? Well our beloved Al "da bomb" was busy at home with his family and a brand new baby boy.

Congratulations to the entire Freitas family!

But could you please plan this a little better next time? July or December would really work better for us.

### Missing Record Certificates

If you are missing any record certificates from past meets, please send Donna an e-mail at [dpvolvo@yahoo.com](mailto:dpvolvo@yahoo.com). Please include your name/race team name, the date of the meet, class and speed.

(Mike Matyjasik, I need another e-mail)

### Ladies Auxiliary Corner

Thanks to all who participated in the "Piggy Bank Drive" for Al Freitas' new baby son. It was a huge success.

## **ECTA 2007 Schedule**

Hot Rod Top Speed Challenge	March 31 & 32
Mid-May	May 19 & 20
Bonneville Tune-up	June 30 & 31
Super Streetbike Shootout	September 23 & 24
Season Finale	October 20 & 21

Please notice that we have moved the Season Finale a week earlier due to Halloween Weekend.

## **Stuff For Sale**

### **ECTA Members Ads Run For Free**

**1927 Ford Roadster body** w/Tonneau cover, set up for Modified Roadster. \$1350.00

**Powerglide Transmission** w/3000 Stall Converter

**1968 Camaro Sub-frame**, PS pump, A-arms & Springs

**Kestral Weather Meter Model 4000**

Features include:

Altitude

Corrected Density Altitude

Barometric Pressure

Dewpoint

Wet Bulb Temperature

Air Temperature

Wind Speed

MSRP \$ 329 Sale \$259  
 Computer Interface Available  
**Call 302.378.3013**

## Parts

1 set of CNC Ported, Dart Pro 1 heads, by Ron's Porting Service, with valves, all new, ready to install on your racer. \$1500.

1 set JE turbo pistons for SB Chevy, 4" bore, 3.48 stroke, 6" rod, with pins and rings, New, still in box. \$490

1 pair of almost new Goodyear 225/70-15, V rated radials, only 8 rolling miles, \$150.

**Emily Beckett 828.628.3987**

Engle, Hilborn, Center Force, Firefox Fire System, Electromotive. All the right stuff!

12 miles on motor, 4 of them for records!!!

\$5000

**Call Ron at 828.439.8879**

## 1992 Firebird

Setup for small block Chevy, no motor, T10 4 speed, complete fire system, all safety equipment. This car has set 12+ records at Maxton, 2004 car championship

**\$10,000**
